Your local Neighbourhood and Community Services

reception@ulladullacr.org.au

The CRC acknowledge the traditional owners of country throughout Australia and their continuing connection to land, sea and community. We pay our respects to them and their cultures and to their elders both past and present.

Our Mission

The Ulladulla & Districts Community Resources Centre provides community connections and learning opportunities, empowering all persons to enhance their health, social, educational and economic wellbeing, inclusive of age, religion

Not-for-profit organisations such as Ulladulla & Districts Community Resources Services are an integral part of community life here in the Shoalhaven. Since 1982 we have been supporting people in our community by offering information and referral services and targeted programs that support people who are vulnerable or disadvantaged. Our unique legal status of an incorporated association means that we are a member based organisation and our members are our owners.

Membership

Our members are the driving force of our organisation as they are involved in setting the strategic direction for Community Resource Services (CRC) through being active members on the Management Committee, voting at general meetings and assisting with strategic planning.

Being a member is one way you can support the organisation to achieve its objectives, find out more about what is happening in the community. Membership is open to individuals and Organisations. CRC relies on its members support so we can continue to deliver quality services to our community.

Membership benefits

As a member you will:

- Be supporting a Southern Shoalhaven based charity in achieving its vision and mission.
- Be able to represent your community to influence decision making at CRC.
- Assist your community to ensure government funding is spent according to funding contracts.
- Receive information about CRC and the activities carried out by them.
- Gain a sense of satisfaction and achievement.
- Be part of a membership base that truly represents our community.
- Be helping CRC develop its future.

Cost \$2 annual membership fee. Membership fees can be paid in person, by direct deposit or by cheque.

The Community Resources Centre structure:

- a not for profit organisation locally managed/governed by a voluntary committee/board which consists of representatives from residents and community members and is a legally incorporated association
- serves as a vital community resource through the provision of a range of programs and services using a community development model
- operates with an 'open door' policy inclusive of all persons whom are welcomed and treated equally and with respect.
- increases life opportunities and pathways to enrich the quality of life in the community by facilitating the social, cultural, learning and creative development of individuals and their families in either an informal or formal atmosphere.
- provides information in a supportive and non-threatening environment which encourages self-help rather than dependency, and addresses the diverse needs of individuals and families.
- it provides organisational linkages and liaison to other services to ensure our Community Centre is relevant and appropriate within the context of Targeted Early Intervention Program
- encourages cooperative working relationships with other neighbourhood and community centres within the city of Shoalhaven
- works to reduce social exclusion, promote a sense of belonging, fosters family support, a community spirit and advancement

Ulladulla and Districts Community Resources Centre implement community strengthening through the following practice.

- Involving the community and encouraging participation and inclusion, valuing diversity and difference, respecting cultural and religious diversity at all levels of centre operation
- Identifying community needs and aspirations
- Determining appropriate community programs, activities and services in response to those needs ensuring that diversity, culture and differences are valued
- Partnering with community organisations, businesses, government and philanthropic organisations to secure appropriate funding and support
- Evaluating the effectiveness of all aspects of operation, including programs, practice and governance
